ABOUT ME

Assistant System Engineer with over two years of experience in managing and troubleshooting complex technical environments, ensuring optimal system performance and client satisfaction. Skilled in network configuration, hardware support, and software management, delivering reliable solutions in fast-paced settings. Strong problem-solving and communication skills enable effective collaboration and end-user training. Dedicated to continuous learning and adapting to emerging technologies to drive operational efficiency and organizational success.

PROFESSIONAL EXPERIENCE

Aug 23 – Present
AmberIT Ltd

Assistant System Engineer

- **Network and Network Equipment Configuration**

1. Configure, manage, and troubleshoot MikroTik routers and switches, including RouterOS features (DHCP, bridging, firewall, bandwidth control, VPN, BGP).
2. Monitor network performance using Zambia, NMS, MRTG Graph, and email-based alerts.
3. Perform network troubleshooting and issue resolution through ticketing systems.
4. Provide responsive client support via phone and email.

- **Hardware Support**

1. Install, configure, and maintain desktops, laptops, and printers.
2. Manage peripheral devices such as scanners and projectors.
3. Execute routine maintenance, diagnostics, and hardware upgrades.

- **Software Management**

1. Install, update, and troubleshooting productivity and collaboration software (e.g., Microsoft Office suite).
2. Monitor software licensing and ensure compliance with organizational and legal requirements.

- **User Support and Training**

1. Deliver help-desk support and remote assistance for technical issues.
2. Train employees in new tools and software.
3. Manage user accounts, including password resets and access control.

Jan 23 – July 23

Bold Studio

Junior System Engineer

- Managed and maintained Linux-based server infrastructure, ensuring high availability and performance.
- Provided technical support to employees by troubleshooting hardware and software issues and delivering timely resolutions.
- Assisted with implementation and management of network security measures, including firewalls and intrusion detection systems.
- Contributed to development and maintenance of system documentation, including standard operating procedures (SOPs).

INTERNSHIP

May 22 – Sep 22

Robi Axiata BD

Data Management Analyst

- Developed Facebook automation solutions using Selenium to streamline data collection from the Robi Facebook portal.
- Created Python scripts for automated data analysis, merging, and combining files for reporting.
- Conducted data analysis using Tableau; provided smart solutions for process improvement.
- Performed market analysis to support business decision-making.

EDUCATION

Executive Master of Business Administration at BRAC University, Dhaka — Sep 25 – Present

BSc in Computer Science & Engineering at American International University – Bangladesh — Jan 19 – Dec 22

- Major: Software Engineering
- CGPA: 3.57 / 4.00

Higher Secondary Certificate

- Group: Science
- Board: Dhaka
- Institute: Dhaka Imperial College
- Result: 3.75 (out of 5)
- Passing Year: 2018

Secondary School Certificate

- Group: Science
- Board: Dhaka
- Institute: Ideal School & College, Motijheel
- Result: 4.67 (out of 5)
- Passing Year: 2016

KEY SKILLS

- Networking Skills
  1. Advanced IP sub-netting, routing protocols (BGP), and VPN configuration.
  2. Expertise in Mikrotik firewall configuration, NAT, port forwarding, and bandwidth control.
  3. Troubleshooting.
- Office IT Skills
  1. Installation, configuration, and administration of servers, desktops, and office IT hardware.
  2. Strong knowledge of Active Directory, DNS, DHCP, and office productivity tools.
  3. Skilled in printer and peripheral device configuration, troubleshooting, and maintenance
- Networking Skills
  1. **Networking**: Mikrotik, Cisco, Cambium AP, Grand Stream, Wi-Fi Router.
  2. **Monitoring**: Zabbix, MRTG, Wireshark, Cacti
- Office IT Skills
  1. Excellent communication, problem-solving, and team collaboration skills.
  2. Strong leadership and project management capabilities.

RESEARCH PAPER

- Higher Education Recommendations Based on Data Mining
- Market Intelligence & Competitor's Analyses through RPA
- Fingerprint-Based Bio-Metric Authentication Access Control and Performance
- Coffee-Shop-Management-System
- Developing A Test Plan for AIUB Bank atm Systems
- Fingerprint Based Bio-Metric Security System Microprocessor & Embedded System

CERTIFICATION

- Python Data Structures
- Usable Security
- CompTIA Network+
- Fundamentals of Network Communication

COURSES

- MTCNA & MTCRE at CSL Training
- CCNA-Routing & Switching at CSL Training
